

Project Descriptions

Nirvana Construction Company has completed Citrus Garden II project with 4 blocks and 45 apartment units. Property qualities in this project is superior with a perfect location in the centre of Konyaalti region.

Citrus Garden II project has been developed on 5827 m2 land. This project was the second phase of 4 blocks out of 6 blocks in total. There are 7 different types of apartment units in total 4 blocks. Distinguished architecture of the building, well designed flats and apartments, high sealing duplex apartments, ground floor flats with vast terraces opening to the garden reflects the different styles of Citrus Garden Project.

The properties for sale in this residential project have alternatives such as ground floors, standard apartments, duplex flats with 2+1 and 3+1 units with different types and interiors. Especially garden and pool view apartments are most popular flats among the others. Duplex flats with high sealing overlooking to the mountains in distance with spacious terrace alternatives makes this project a remarkable one.

In Konyaalti district, our complex is surrounded by streets on all four sides. Citrus Garden project's second phase is located in the middle of 252, 255, 251 and 246 streets, with mountain view on the northern and western side, park view on the south. The bus stop and public transportation facilities are only few meters from the main entrance on 252 Street. Nirvana Construction Company's sale assistants are waiting for our esteemed clients who are looking for flats, apartments for sale in Konyaalti, in order to show our sample apartment and to give more detailed information on properties. It is always best to see the properties and inspect them personally as it gives the advantage of feeling the atmosphere with all the aspects and its specifications.

Nirvana construction is a reputable company in Antalya who famed with quality workmanship in property development. For this reason by developing high standard of buildings, Nirvana created a good brand mark for construction business justified by majority of its clients.
